### ArcGIS Workshops for 2017-18

Manitoba Education and Training and MapToLearn have once again teamed up to provide Manitoba Teachers with support for ArcGIS Online consisting of six workshops for this coming school year. Date, time and location for some of these are still to be determined. We will be updating this list as we know more.

### Introduction to ArcGIS Online for Social Studies Teachers

Workshop Focus: Online digital mapping can be used to both identify and share information about various geographic features. Story Maps can be used by students to share their learning as they search for answers to questions of inquiry.

Who may wish to attend: Social Studies teachers, in particular, those teaching Canadian Geography
